### **DETAILED ACTION**

Applicant's amendment and remarks received 24 September 2008 have been fully considered. Claims 11, 13, 15, 17-19, 23-25 and 27-29 are therefore allowed with the additional limitations included.

#### ***Examiner's Statement of Reasons for Allowance***

##### **The following is an examiner's statement of reasons for allowance:**

The prior art of record fails to disclose or reasonably suggest a color filter with a retardation layer where the total thickness of the first retardation layer and the colored layer is constant and the thickness of the first retardation layer differs according to the thickness of the light transmissive pattern in addition to the accompanying features of the independent claims. As claimed, in order for the total thickness to remain constant, the colored layer would differ as well according to the light transmissive pattern. Also see Applicant's remarks received 24 September 2008.

##### **Therefore, claims 11, 13, 15, 17-19, 23-25 and 27-29 are allowed.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
